(Premier Association of Vegetable Oil Industry & Trade in India)
In 2013, major Rice Bran Oil producing countries viz. China, India, Japan, Thailand and Vietnam formed International Association of Rice Bran Oil (IARBO), and latter joined by Pakistan & Bangladesh, with the objectives to 1) establish the international scientific standard of rice bran oil (rice oil) and value added products of rice bran; 2) promote and foster uniformity of commerce and trade among Asian countries in the fields of rice bran oil; 3) encourage and promote improved communications between and among rice bran producers, industry groups, academic researchers and local governments; 4) enhance value addition in rice bran oil and enlarge its field of commercial applications; 5) sponsor training programmes to assist members in their technical work and development aimed at improving rice bran oil production and support nutrition research.

With these stated objectives in perspective, IARBO's has earlier organised six International Conferences on Rice Bran Oil; the first one in China, the second one in India at Mumbai which was hosted by The Solvent Extractors’ Association of India, the third one in Japan, the fourth one in Thailand, the fifth one in Vietnam and the last one in China.

We are pleased to inform that the Seventh International Conference on Rice Bran Oil 2020 (ICRBO) will be held on 17th & 18th July 2020 once again in India, this time at the hotel The Leela Ambience, Gurugram, in Delhi NCR (National Capital Region) and hosted by The Solvent Extractors’ Association of India.

To propagate the use of Rice Bran Oil across the world requires world-wide marketing of the virtues of this excellent oil and hence the Theme of this Conference is aptly “Promoting Rice Bran Oil - A Wonder Oil” and this Conference will extensively deliberate on marketing of Rice Bran Oil.

The Conference will witness a gathering of over 400 key delegates besides special invitees from all the Rice Bran Oil producing countries for a closer interaction for promoting Rice Bran Oil and its value added products.

This Conference will also provide an unique opportunity for exhibitors to showcase their products and disseminate information on latest technologies on Rice Bran Oil and its value added products developed by them.

This is an initial announcement, which will be followed shortly by a detailed brochure, including delegate registration form as well as the hotel accommodation form and will be hosted on SEA website www.seaofindia.com, www.iarbo.com.
